CASE STUDY

Moor Allerton Primary School, Leeds

Project information:
May 2020
CONIPUR SP Polymeric
Sky Blue
700m²

A new 700m² multi-use games area (MUGA) was constructed at the Moor Allerton Primary school in Leeds using CONIPUR SP Sky Blue polymeric system for the surface.

The project was part of a large £5.6m refurbishment of the school which included the expansion of the main building and also alterations to some outdoor facilities, increasing the pupil capacity from 240 to 300.

Despite difficulties faced due to the installation being carried out throughout a pandemic, the project was completed in May 2020.

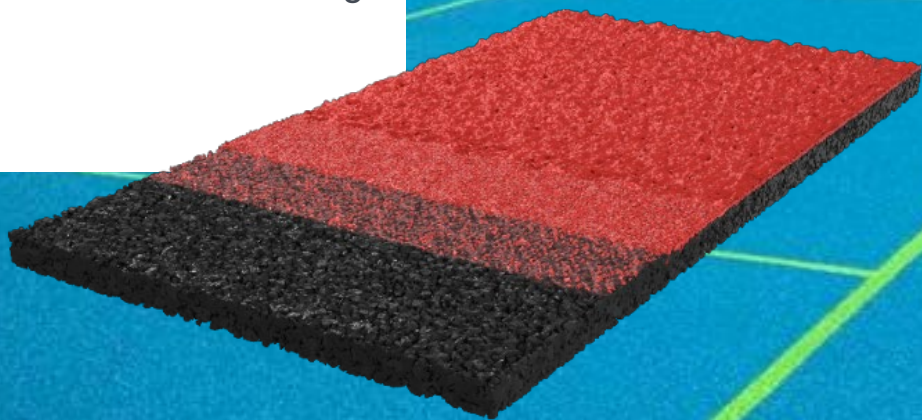

CONIPUR Polymeric

Water permeable, slip resistant and highly durable multi use sports surface.

13mm polyurethane bound two layer system utilising a recycled SBR shock pad layer topped with a spray applied EPDM coating.

Characteristics:

- Spray applied technology
- Water permeable
- Wide range of bold and vibrant colours available
- Seamless and hard wearing
